

Chapter Event Policy

Effective: 24 July 2022

For any activity or event subsequent to a DeMolay Chapter Meeting to be covered by the insurance provided by DeMolay International and considered an official DeMolay event, that activity has to be a part of a legally proper motion, made by an active member of the Chapter, properly and duly seconded by another active member of the Chapter, discussion held, a vote taken and the results of the vote along with the motion recorded in the Chapter minutes.

If any decision to meet as a group does not follow the procedures listed within this policy, that meeting (i.e. spontaneous meal or outing after a Chapter meeting) is considered not to be a legal and official meeting authorized by DeMolay, and as such is not covered by DeMolay insurance.
